CUSTOM-DESIGNED DIFFUSERS

PERSONALISE ANY SPACE. **YOUR DESIGN.** YOUR DIFFUSER

OCTOBER 2024

 **GILBERTS**

SWIRL DIFFUSERS

Transform any space into a personalised haven with our new custom-designed diffusers. Building on the success of our Series GA Swirl Diffuser range, we are excited to introduce an extended collection featuring customisable diffuser faceplates. This innovative concept allows you to tailor the faceplate with patterns that complement your surroundings, all while ensuring superior air distribution.

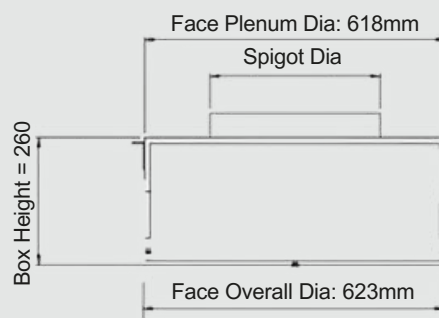

Diffuser with side entry

- All 600mm diameter faceplates*
- Designed for exposed ceilings**
- Pressure drops from 8 to 30 Pa
- Noise from 20 to 40 NC

Diffuser with top entry

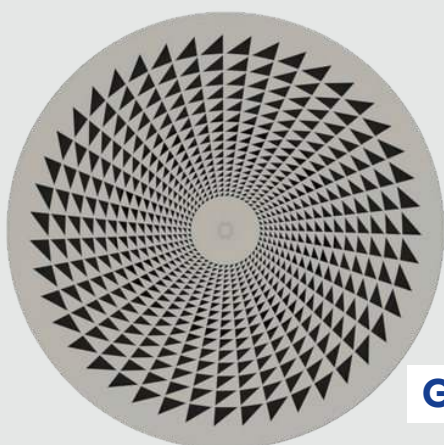

Explore our collection of pre-designed templates for inspiration or to place an order.

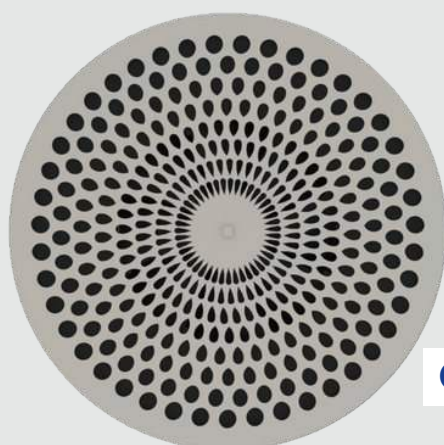

GEOMETRIC STYLE

GA

G2

G3

Our Geometric Style Set embodies classic elegance, clean lines, and versatile design. Whether you choose harmonious circles, stable and reliable squares, or dynamic and directional triangles, your space will captivate and inspire all who enter. This timeless design seamlessly integrates into any environment, creating a lasting impact.

- Volume range 60 to 170 ls

DECORATIVE STYLE

D1

D2

D3

Elevate the aesthetics of a room with our Decorative Style Set, seamlessly blending classical shapes with a modern flair. Inspired by the intricate beauty of gothic architecture, this collection features dramatic curves and interlacing patterns that evoke a sense of grandeur and sophistication. Each piece creates a unique and captivating setting, merging the opulence of historical design with contemporary aesthetics.

- Volume range 60 to 250 ls
- Customisable designs (e.g. corporate identity)

PERSONALISED

Are you looking to create something entirely original or enhance your company's brand? Our Personalised Style Set lets you customise our GA Diffuser faceplates with your logo or design, seamlessly complementing any space.

- Performance can be tailored to the project
